FREE RABIES CLINIC

June 13, 2009 is a "Red Letter Banner Day" for the Humane Society of Citrus County and those citizens of our county least likely to have the funds to care for their pets. We are holding our first ever FREE rabies clinic at Paws-itively Pets Adoption Center, from 8 AM to Noon. And to make it even better, the Board of County Commissioners have kindly agreed to issue a free county license to every cat and dog vaccinated on that date. Go to our website at www.humanesocietycitrus.com on the Upcoming Events page for a map to our location on Smith Avenue in Inverness.

If your pets, either cat or dog, need a rabies vaccine and a county tag, now is the time to get in line. Make your reservation Tuesday through Friday from 11 AM to 3 PM. Call 352-341-2222 by June 6 to ensure your pet's vaccine. Keep calling as the lines may be busy. If you do not schedule an appointment, you can still come on June 13th at 11 AM but it will be first come first served until the supply of vaccine is depleted.

Make sure you bring your cat in a crate and all dogs must be leashed and under the owner's control at all times.

RABIES PREVENTION IS EASY

According to the CDC (Centers For Disease Control) 55,000 people die each year world wide from rabies. Thanks to rabies vaccine, the CDC has declared the United States canine rabies free. The majority of cases of rabies reported to the CDC are caused by bat bites.

Rabies literally means "madness" in Latin. A bite from a rabid animal causes encephalitis (inflammation of the brain) and untreated, is almost always fatal in humans.

Elimination of dog-to-dog rabies does not mean you can stop vaccinating your dog. If your dog scratches or bites someone and you do not have proof of a rabies vaccination, you risk your dog having to be quarantined or worse, euthanized.

If you need assistance with vaccinating

REMEMBER..IT'S HOT OUT THERE

**A HOT OVEN OR A HOT CAR...
IT'S THE SAME THING.**

RUNNING INTO THE STORE FOR "JUST A MINUTE" CAN BE FATAL FOR A DOG LEFT IN A CAR.

Humane Society of Citrus County FL Inc.

On an 85 degree day, even with your car windows open a little, the temperature in your car will reach 102 degrees in 10 minutes. After a half an hour, it will go up to 120 degrees or higher. Never, never leave your pet unattended in a parked vehicle. Leave them home where they can be cool and safe!
